RavenNo fan maps. If you've ever played on the 54 player server, then you know who is hosting. Thats my server that I host, the 54 player server. Usually it has no time limit but there will be time limits tonight, probably 30 minutes.

Man..... that server is T3H Ownage

No lag for me even when it's full, and i'm from europe...

And camping, waiting for time to run out is not an option anymore

You really have to teamwork to kill the other teams base
