newbs worst fear is a rail gun or a personal ion .. because .. it kills all infantry good, and if u are good (which would make u not a n00b ) ... u would dodge any bullet from a tank from newb .. lol .. its works.

but to actually scare them .. flank em with a buggy, its really funny seeing them spinning and they can't hit u cause they either don't use turret view, or just slow (i killed a mammy that way .. varry funny)

scarying n00bs is like kicking a tree .. u can't miss.
