i don't remember suin an Orca in SP .. i kinda stop playing after mission like 5

MP Orca's are in anymap with \_FLYING at the end, ie Streets, Walls. Air is to over rattted .. and morons stand still exspecting me to only use my chaingun ... its funny when they start moving after the 3rd missile and 2/3 of thier life is gone.

I like to think im a god in the air (as long as strong infantry are around)  
and a god on Foot, unless its arange battle me VS Tank/Snipe .. lol.
