K9TrooperNHJ BVThey're saying that they couldn't have asked for a better (...) publisher, so that can't be EA.

But good PR and to maintain a real working relationship would call for you to "Swallow your pride" and speak of good things about them. In a way it is called "Politics or Business".

True; I was being sarcastic. I should've put a smiley there

Anyway, they are producing an AAA RTS title from a well-known publisher etc. This all screams C&C. However, I fail to understand why EA would first "consolidate" (read: shut down) Westwood and start making C&C 's themselves, only to delegate that task to a new non-EA company with Westwood-employees all over the place. It makes no sense.
