haremanNo and you are a fucking moron for butting into a private joke between Kirby and myself as well as being a TRoll. I excused the others because they are known to me but you need to STFU

Well if he had not pointed out the irony then I certainly would have. I'm not calling you stupid or anything, but it IS ironic that you called a thread spam when you had a long signature.

Not to mention it's hard to have a private joke in public forums.
