hmm it wasnt that
but i figured it out
my pass had numbers in it (dunno if this is a godd thing but when i changed it it went better)

and the ports i used didnt go whit me pc

4848 seems to work fine tho

its a 10 player server it l be online when im gone (mostly saterday)
its a sniping server [il change that now and then]
its on wol euro its caled PHxSnpSrv whit the game name -Phoenix- Sniper Server joint anny time

thx for the help
