I have every right to express my opinions on these forums. If you have a problem with that, I suggest you not visit them. Or use the ignore function... Though it seems you used that on your intelligence for that post.

And I dont have the right??...I just replied to Tidu's thread on how to help him with his problem and you delete my post...and on top of that you dont even offer advice to him.

It seems like that's all you do...is express your opinion.
When your a mod and your "suppose" to help others.

I try and help and you being childish, you delete the reply i made...go figure...so much for rights on this forum.

Thank god crimson didnt make you a mod on this part of the forum...otherwise I wouldn't be able to post anywhere.
