Not when they're a few words that barely tell someone what to do. We've been over this before.

Quote:This all reverts back to why I even bothered to re-post in my thread...it seems like that's all you do is post your opinion...but when others post anything that's not up to par by you...you delete it.

There's a difference here. The General forum is for opinions and such. The mod forum is for opinions and help, not three word replies that don't help anyone.

Quote:I didnt come back to say who's maps were better...but you throw your opinion around so much...I figured I'd add mine.

I'm not complaining about that.

Quote:I'll contact Tidu via a PM and see if it was vertex solve that helped his issue with the alpha textures....I'd just post up a question if his problem had been solved but he may never get to see it

So?
