hay this is my first post in a long time. just wanted to say the m00_screen_shot_posr script will make a bot loop a ani flie. just put the script on a spawner and set the ani name(without the .w3d) and your good to go. i say this cuz all the mod\map screenshots are kinda crappy. just look at my sig. that took 5-10 mins to take, crop and add text...
