That was sarcasm, numbnuts. I was poking fun at that moronic cartoon engi posted. :rolleyes: I personally happen to be an atheist Bush supporter who considers himself somewhere in the middle of the political spectrum (or half on one side and half on the other, since I tend to be somewhat extreme in my views). At the moment, Bush is going for what I consider to be most important- The War on Terror. After looking closer at the tax cuts, I support him on those now too (you pay more money, you get more back. It's that simple).
