Lord Vecnafor first i'm not in ladder, i can make 300 pt but every time i serch my profile into the ladder, no result.

The ladder has been screwed up for some time.  
Its Westwood/EA's fault there is nothing you can do about it.

Lord Vecnai find a game C&C\_Volcano.mix 15/30 i login and response "Server is full"?

These games are probably running a program called WOLSpy.  
It lists the games on WOL and on GameSpy.

The (WOL) server listing you see only shows WOL players hence its not accurate.

Again there is nothing you can do about it.
