msgtpainCrimsonNo way, he had Minnie!

But then again, Minne was fucking Goofy.

Literally, or psychologically?

I'm not sure if you mean goofy the noun, or goofy the adjective..

I was being intentionally elusive...

Actually it's from the joke that goes something like this...

--

Mickey files for divorce from Minnie, and they're in court, and the judge says: "I see that you want a divorce because Minnie is mentally unstable. I don't really think that's grounds for divorce".

Mickey says: "I didn't say she was mentally unstable, I said she was fucking Goofy!"

And Llama Man, I would think that "I Love Blazer!" in my signature would show you that in real life, Blazer and I are... together. In fact, we live together, so I think you can put the rest together.
