SuperFlyingEngiWhile we're on the topic of the subtle nuances of internet lingo, and since skinning/skin/skinner is an inappropriate term, here are some other words/phrases that should be banned:

lol

rofl [or any variants of this, like roflao]

brb

ttyl

cyaz

plz

Any word that uses numbers to replace syllables or letters, such as "4M" or "L33T"
n00b or noob, the correct term should be "newcomer to the game/map/mod/whatever"

If I missed anything, please post it, as this thread really isn't about anyone wanting to SKIN!!!
anyone's models.

Y0u f0rg07 1337! Also abotu n00bs " What is a n00b (not noob)? The definition we're using on this site is a player who may or may not be new to a game, but insists on doing brainless things, especially things that hinder the team. Those who are defined by this site as "n00bs" will also refuse to listen to words of wisdom or, even worse, berate those who try to help.

n00bstories.com is your home for stories and tales of those who do stupid things in online games. It's also a place to vent your frustrations for those who don't play as a team and those who are a detriment to teamplay. The migration of gaming to Internet play has introduced a whole new breed of idiots for us to deal with.

We at n00bstories.com do understand that everyone was a newbie once, and those who are polite, those who go through whatever practice is supplied, and those who read a few forum threads before posting their question are NOT the target of this site. We applaud and respect you." (From n00bstories)

N00bs are not newcomers to a game just stupid people who try to mess up games by not following the rules, cheating and such.
