majikentThe friendship I speak of is that of which you either have or had with Aircraftkiller.

Obviously you cared enough to speak with him as you say "like a 100 times" via PM. You say the reason you are going after him like this is to get him to see the error of is ways basically. Maybe you haven't been paying attention because that obviously doesn't work. Hasn't before, isn't now. He has even said several times that if you have a problem with what he's doing, speak to him privately about it. I've spoken to him privately, he's not a bad guy. I just would like to know what you think you're going to accomplish by going at it the way you are. That's all. Think about it, then tell me... Is it worth it?

Sorry, I guess I wasn't aware that friendships were created by asking someone 100 times in private to stop doing what they were doing. Maybe if he would have listened a couple of those times, a friendship could have grown. But it was more of a "relationship" where I knew that in about a week or two, I was going to have to PM him and ask him to stop again.

Please show me where I stated that I wanted to show him "The error of his ways" ? This is like the 5th time I've stated.. the SOLE REASON for doing this is to piss him off just like he does everyone else.. That's it.. He wants to be an ass in everyone elses threads, then I want to be one in all of his..

I know he won't learn anything from it, but at least he won't be able to just sit back and laugh at his posts while everyone lets him get away with it and says nothing at all..
