Gad, this is the worst example of the Renegade community shitting all over a thread I have ever seen.

K9, did you actually stop and think "This post is of no help at all and I just want this guy to know I dislike him" before making that first post? Or maybe you did, but you posted it anyway.

Maybe if this flamingrek guy wasn't getting bashed, he wouldn't take up a defensive. So he didn't know FDS numbers weren't being given out. That makes him a tard? Last I seen, this was the number one place to ask for FDS serials.

He didn't know who K9 was. That makes him a tard? Last I checked, there weren't announcements telling newbies who everyone is and whether or not they run a server.
