snipesimoAll I can say Dante, is you have no idea how much respect you have earned from me. Though it might not mean anything to you, I truly respect you as a leader of this community. Though you may not like it, you are and you earned it ;P

You may look at yourself as someone who was testing his skills, but imagine what things would be like without you. Just kicking someone from in-game would be an endless chore without BR .Net. On behalf of myself, I would like to say thanks for everything.

It can't be put any better than that.

Though i may not have gotten to know you very good, you always rocked in my books, Dante.
