explain how my work is stolen? Since everything is stolen I have to admit that my name is stolen. My parents stole my name from some other guy.

Fine...you didn't flame.....in THIS thread.

Constructive as in not claiming everything is stolen because you can't produce that by hand. And if you think everything sucks...give tips on how it can be improved, since you're a goddess on the graphics subject.

Also...I didn't just say it was this thread that you were not being constructive. I was talking in general.

Edit: HEY!!! You had constructive criticism!!! You didn't say liar or put him down...you just said that he could at least admit that he didn't make them.
