^^BUMP^^

We are in the process of designing a new layout, so sit tight and it will be up shortly.

We are also looking for staff. We will, of course, want to see examples of your work that you have available. If you are interested in doing coding (html, css, xhtml, asp, php, java, javascript, etc...), web designing, or graphics please contact me by email or on an instant messenger.

Email - j_ball430@comcast.net
AIM - reydelaguerra
MSN - same as email
Yahoo! - j_ball430

Please come visit us at http://www.apocalypticmedia.com

Thank You.
