Quote:In today's world, when enough people believe something whether it be opinion or not, it becomes accepted as truth. And I know that plenty of members here believe you are going too far. Since the members of this community think you are going too far, I am accepting your going too far as truth. Still may be an opinion, but it's being accepted as truth.

I don't have to insult you, you did a great job of it yourself... You basically just called yourself a tool without the ability to make judgements for yourself, so if a few others think a certain way, you think it's alright... God forbid you end up near the Klu Klux Klan or Assrammers Anonymous.

Quote:All I was tryin to do with that post was to nicely say SHUT THE FUCK UP, YOU FUCKING ARROGANT WANNABE "KNOW IT ALL" MOTHER FUCKER. Since you didn't take my hint, I had to resort to saying it flat out. Flame me all you want, say all the shit you want to me. Maybe that will make you lay the fuck off of the Reborn mod.

lol

Where am I a wannabe? I am already who I want to be, myself; and nothing more. I don't know everything. I do know that I rarely speak on anything that I'm not well-versed in and able to argue about. Perhaps you could benefit from the same policy, to save yourself the embarrassment of looking like a retard...

Quote:Oh and those "grandma-like" women at the barber shop don't count. You should know that those old women can't say anything bad. They're just being extremely nice to you. It's probably killing them inside to compliment you. Sorry, the truth hurts.

*Aircraftkiller scratches his head pondering that statement's logical purpose...

You mean to tell me that you've been down to the beauty careers training center on John Sims Parkway, Valparaiso, Florida, and have seen every person in training there?

lol

This is still humorous. "Oh no, the Internet person said the 20 year old women at the haircut place are all old women!"
