LOL - you guys are making me fucking laugh my ass off.

Though I must say here and now that while you CAN bash Westwood/EA, I still won't allow talk of warez and serial exchange, and how to cheat.

To sum it up:

n00bstories (and now the Renegade Forums) supports legitimate ownership and gamesmanship of EA/Westwood games. Activities and conversations that don't support this will result in the removal of posts. Repeated offenses will result in a forum ban.

With that said, let the fucking swearing continue, you bitches.
