IRON-FARTTThey were selling that thing over the TV for a while.

They claim that it will get rid of all your stress and pains...

My ass.

They made one for the toes too and encourage you to wear one on each wrist. :rolleyes:

I can't believe they can get away with selling garbage like that.

The funny thing was... I saw the advertisement on TV, and they kept griping how it changed everyone who owned one's lives... but they never actually told us what the product did.
