Ok i apologies for nobody ever helping me, also ive been modding since the start of renegade modding, those mods are very old.

So i'm sorry, plus bak then i wasnt very wise with poly stick death extreme was overwhelmed with over poly madness , I can say i am using new skeletons for FOF, i do have more respect for poly now so i won't make that mistake again. I am currently studying 3d animations which is helping my animtions skills for new characters.

The dog thing tht u say was from half life, i never seen halflife things before so i didnt know it was stolen, advanzed or wotever his name gave it to me, found out about his theifiness the hard way, i copped all the blame for some reason, maybe its because all you people are so fooked in the head.

So i'm sorry again if you dislike me for some reason, but im not gonan change who i am for you.
