lockless posted on 03-22-2004I just got off the phone with a very nice lady at the Attorney Generals office for North Carolina where Epic Games is based.

If you need to contact them follow this link...

<http://www.jus.state.nc.us/cpframe.htm>

Have to laugh at that on. There is something called an EULA. AG wouldn't be able to touch it, not to mention that cheats are considered "Hacks" and hacks are frowned upon in the legal world.
