Anubis SunRight, it's just my opinion. I like just about all forms of music, my favorite however is dark industrial, and progressive metal. My favorite bands being, Tool, Stabbing Westward, Sublime, Rancid, The Misfits.. and the list is just really really large and boring to read.

I just don't really exclude any kind of music unless I hear everything it has to offer. That's all I'm trying to get across really. Anyway, I'm done with this thread, it's like a religious debate.

you have a good taste...Tool = g00d.

Do you happen to listen to Dream Theater since you listen to Prog. metal?
