Yeah, that's exactly why you called it shit. Can't you even stay with your previous statements instead of twist them around to suit some new situation you're confronted with?

NeoSaber works on RA. You bash it, you bash his work. It's that simple.

Quote: this is just an attempt by you to say "Dont help Titan cuz he hates us!!!11!" "He only wantz help when he needz it!!@!!11"

Actually, no. If you had read it at all, being the literate genius that you are, you'd see my point that I was making. Whenever help is given to you, unless it's kissing your ass, you get pissed off and demand things from people - or you throw a temper tantrum.

This is why you don't improve. This is why you're doomed to be some sack of shit n00b from the depths of "Renwarz" and "Recon warz," empasis on "warz" obviously...

For once, you're right.

Quote: Ive played all your RA maps in a server with atleast 8+ people to know that it isnt fun.

That's good, because the players in RA don't know you and they certainly don't seem to miss you. Good riddance to n00b rubbish.
