Subject: hey can some 1 make a mod 4 me?
Posted by Sn1per XL on Fri, 02 Apr 2004 08:39:53 GMT

kawolskyiv just done allot of testing and iv come to the conclusion that it cannot be done, when the weapon spawns, the person in the apache picks up the weapon while in mid-air....so yea.... itll only work by making the weapons spawn on the airstrip....

Uhh...no when the player in the apache gets full ammo the weapons drop.... so just make a bunch of them spawn and your problem is solved.
