hi, sry, I can not connect with putty to my server. Can I install the server about otherways? If I will start renegade_server_1037b_rh8-0 with the command ./renegade_server_1037b_rh8-0 at the console of Webmin I get:

```
> cd /home/cncre/
```

```
> ./renegade_server_1037b_rh8-0
```

```
Error initializing non-canonical I/O mode
```

What can I do? I need your help very fast, thx
