maybe i should stop fighting with you because you're an idiot. And one wise website once said:

Quote:Never argue with an idiot. They drag you down to their level, then beat you with experience.

But before I sink to your level...

Not everyone is having a problem with the delivery system. If you do, it can be solved by going directly to EA and asking for a serial. It's been said time after time after time in these forums. People every day are receiving new serials.

Also, many are asking so there isn't an overflow of them. if you have an extra one, why not give it away instead of letting it go to waste? ever think of that?
