5%- Outstanding people, who go out of their way to help others.

10%- Just plain nice people, who will usually be in a good mood.

20%- People who are indifferent, and won't bother you if you don't bother them.

30%- Below average in intelligence and kindness, but at least it looks like they're trying.

20%- Morons who can't tell their ass from their eardrum.

10%- People who go out of their way to be assholes.

5%- People so low you wouldn't want to waste a bullet killing them.

The "bell-shaped curve" of the human race.
