Duke of Nukesyes...that's right...everyone in high school is a moron...we all lack the intelligence to make educated decisions...I mean...what do I know about life in 3rd world countries? what do I know about death and destruction? God...I didn't think about that. I mean...I've never even left america...I've never seen half the stuff you talk about.

Oh wait...I just remember that I lived in 3rd world countries for a good portion of my life where I was judged against simply because I'm American.

If Bush is so just...why isn't he doing anything about Venezuela or North Korea. The people of Venezuela are trying to get their dictator out of their country...but is he helping a country that wants our help? NO...he is not. He is allowing that to happen. Bush's priorities are screwed up...Iraq shouldn't be everything
he is doing things about venezuela and north korea... in venezuela, we are pressuring the government to talk with the rebels and we have been 'talking' with coup leaders and rebels. this means(for the uninformed) we are quietly backing and supporting and training the rebels trying to overthrow chavez. in north korea, we are allowing japan, s.korea, china and russia to take the point on everything while standing behind them and boosting military presence to let n.korea know that if they take the next step in a confrontation, we will be there to slap them down immediately. iraq isn't everything, it is only one piece which we need to take care of.
