CwazyapeThat's nice. We have 3 100MB lines and host 5 servers.

Quote:*banned* ALL UN Servers

That's cute. Too bad that was my first and last time on a UN server.

Interesting, when he has absolutely no defense he resorts to banning me.

then why couldn't you run reboron on them instead of coming onto one of our servers and the minute you join:

[18:46:07] Player xptek joined the game

[18:46:10] [Team] WoNSnipe: dumbass

[18:46:11] [Team] WoNSnipe: lol

[18:46:20] [Team] Volkov2: would you ever shut up

[18:46:22] xptek: People play this damn game? lol

Your up to no good the minute you joined. I don't need any defense to ban you. If i choose to you are gone. Simple.
