Ok, nevermind.. It works now, but now I have stuff in my folder that won't let me play.. IOI.

Did RenGuard install these files? Or are they part of Renegade, beause I just noticed them.

<http://www.n00bstories.com/image.view.php?id=1192723713> <-?

*It's the msaa.m3d files on the left hand side
