Today at approximately 3:30 am EST, Duke of Nukes (An ironic name considering his pacifist stance) was firmly trounced in his pro-Iraq stance by a coalition of the willing. This coalition shot holes in his poor geopolitical ideology, pacifist B.S., poorly laid out arguments, and general bad grammar.

Coalition members consisted of U.S military veterans, Aircraftkiller, and persons with an I.Q. over 4.

Saadaam Hussein was quoted as saying the following: " I knew we shouldn't have hired that French wannabee to speak for us. How are people ever going to think I'm a peaceful man with idiots like this? Guess I'll just have to see to it that his family has an 'accident'."

There were no survivors of the " Pacifist Revolution ", as it is becoming called in government circles.

We now take you back to your regularly scheduled flaming.....
