da_shizl don't exactly calling the RenGuard team names would be an action of someone who is innocent. Also, maybe you're trying to find out how you were banned so you could "fix" your problem to play Renegade. When really you are trying to see how it worked so you can get around it. And nobody likes to be called a cheater and have themselves embarassed in front of an entire community. 3 simple and quickly thought up reasons why you would be a cheater and defend urself.

With me saying that, I have no opinion on whether you are guilty or innocent. Just thought it was interesting you would bash the RenGuard team if you were innocent.

I'm sure you would be pretty calm if you were trying to set up renguard to work. Getting help from IRC guys, and all of a sudden BAM you're banned. And you're talking to someone on msn thats giving you the IRC chat logs.
