Heres the list.
Here is a list of MooHack vs 6.8
chars and tanks have +100 hp and armor

chars and tanks cost 500 credits less then norm

Nukes take 2 times longer to dissarm

u gain points 2 times faster

u can shoot threw walls

u can do solo wall jumps

with 1000 credit snipers if u see someone on your screen hold k and fire and it homes in on any person from the other team on your screen..... only works when AIM bot is off

if u are a sbh or a stank and u fire you can hit L and it will restealth u right away

the AIMBOT is highly advanced from anything ever made. auto locks on the head of any person on other teams.

the pistol hack. this pistol hack is used for anti tank ... 1 shot from a pistol can kill any tank from either GDI or NOD

Dark sight. this makes it so u can see sbh and steath tanks no matter what

website to DL it :
