da\_shizFuck you, I once had a problem with Ack, so don't go telling me shit about what i believe because certain people do.

I form my own opinions, once I saw your post, I felt that you were a moron before Ack and Crimson could even reply, so much for your fucked up theory.

It's not like they just started disliking me today. I'm sure you knew that. Besides, I doubt someone who names themself after fecal matter can form opinions which are even halfway intelligent.
