j\_ball430We made our mistake, we're trying to make it right. If you don't wish to accept the fact that we're trying to be more mature and act professionally, I would like to ask you to leave.

So that's your tactic, asking me to leave? I would kindly refuse, on the grounds that this is in fact, a public forum in which opinions are posted. Just because your opinions differ from mine, doesn't make it your duty to "eliminate" me. If you want to be mature and professional, then understand that opinions differ, and we all have the right to post them here and debate them in an insult-free fashion. Forming a group to "defend" against "fucktards" only shows your real immaturity, even down to the name of it. By the way, you certainly did make a mistake...You created this little club to argue with people who have different views.
