j_ball430How can't they be compared? Both have their form of government. One just happens to be online and smaller. I can consider you a terrorist because you are trying to destroy these forums? How you may ask, easy, you are trying to make it so that no one can trust Crimson, the leader. You are trying to break down the system whether you call it that or not.

I didn't say begging to ban you is a tactic.

Someone is not considered a terrorist for voicing his negative opinion of George Bush; therefore by your logic, neither am I for voicing my opinion of Crimson. If you want to compare the two, then make sure you aren't violating my right to free speech.
