AlkalineScrumfy

in fact, a public forum in which opinions are posted.

ROFL, you think this is a public forum :rolleyes:

The name certainly leads me to hope so. You aren't helping this situation with your inability to post anything helpful. Be nice.

pvtschlagwell lets just say we have a warrent.

and about my english i am a straight A student in school and could care less about my spelling as it still gets the point across.

Apparently you didn't fully read what I said. They still have to notify the occupants that they are, in fact, police officers. Debating the legalities of our police system is quite irrelevant. If you want to attempt to make a point, then try doing so with things related to this place.

j_ball430I didn't exclude myself and I certainly didn't attack you. Your name was mentioned as someone who we dislike and don't want around here, but I certainly did not attack you.

Alkaline, these are public forums. Any guess as to how you're still here? If these were restricted to what you have said, you and Scrumfy would have been gone long ago.

You are dedicated to getting rid of fucktards, as well as me. That would place me in your "fucktards" list. Don't lump Alkaline and me in the same boat, I certainly don't approve of his conduct either.
