j_ball430Scrumfy, don't get me wrong here. I don't see you as a bad person, I just don't like your opinion. Now as my job as a fucktard defender, i consider myself to be much like today's police force. although you may not be a bad person, something that you say or do can result into you getting trouble with "the law." I am not a bad person, but I made a bad choice by stealing something from my employer and I am now in the court system.

That's nice, you don't like my opinion. Many people most opinions here daily, and not all are unanimously agreed on. Get over it. I was under the assumption that "NFD" was created to stop people who have a bad way of expressing their opinions; not people who just have different ones. I would see why AHA existed...Although that is still immature. Now you've seemingly expanded that hate to people with different opinons. Besides, I don't think you realize how obsessed with and consumed by this place you seem when you tell me that I haven't seen your truth yet. Hey, you know what...that sounds familiar to me. Terrorists use that sort of reasoning to justify attacks against nations with different practices and opinons. Perhaps you're the proverbial terrorist here...

EDIT (because of an edit):

j_ball430I can see myself having normal conversations with you, Scrumfy. I wouldn't object to you and me talking, I would actually enjoy the intelligent conversation that I desperately need.

Isn't that ironic, now you see my side of things...I thought I was the blind one.
