NFD, it doesn't matter how you try to justify your "club/gang/defence/hitmen" or whatever you want to call it, the fact is, this is the internet, you don't own these forums and there isn't a damn thing you can do about people you don't like in a place you don't own. Every member of this club needs to get a life and spend more time at school. Tell me, when you go to bed at night, do you feel you've accomplished something in trying to get rid of someone talking shit on a forum? If it was me, I'd feel ashamed I joined an internet haters group dedicated to hating other big bad people on the intarweb. People like this are a dime a dozen on the internet. It's up to the admins what goes on here, and the day one of you become an admin is the day me, and I'm sure plenty other people, will leave this forum. We don't want children running it, and I sincerely hope that you are indeed children, because I'd feel ashamed if aliens looked down upon this planet and seen 17+ year olds form an internet defense league (this is starting to remind me of The League of extraordinary gentlemen, except that was actually something worth watching) dedicated to "protecting" a forum with pixellated text. It's almost laughable.

Now for the love of humanity and all that is holy, please lock this damn thread.
