erm
gamespy contact me [gse]PN

Im sure our freinds at OZ will all us to borrow a pure Rengade Server as they ahve Renguard working fine. [TO],[BA],[RT-E] and whoever else thinks that pure mode renguard will own us not the fact that you dont play this game very well should actually give us REAL DATES for a game and [gse] will be more than happy to play on a RenG server in pure mode. How does this weekend sound or is that gonna be just more talk talk talk cause thats what gamespy lobby seems to be best at.
