tubSS need a server holla at me or visit

<http://hostvirus.com> Awsome Prices, Support, and Reliability on, Webhosting and Gameservers (only \$2 / player).Have question email me or msn me at tubgirl\_com@hotmail.com

Tub, Mark and myself would like you to stop spamming these forums advertising for us, do not speak on the behalf of hostvirus or its staff please, this is not the place for it, no one "holla" at him he is not staff, he does not have any power to help you with anything on our servers so **DO NOT SEND ANY MONEY TO THIS PERSON**, , and SS was being a smartass. So please dont advertise like this if u want to help us out just put a sig image from the forums in your sig.

Everyone, listen to me, i think most of you respect me a tad, or at least know im not going to screw you guys over with a "virus" or w/e, this site really is relieble, we have never gone down so far, and already hosting a number of servers for the communty and hosting as well. I guarentee you will not be screwed over, if you have any questions or concerns please contact myself or mark78109 with them.
