j\_ball430Alkaline, shut the fuck up. I am tired of your shit as is everyone from Black-Cell. You don't really think that only "idiots" hate you, do you? No one likes to put up with you. Shit, I was just about to quit the whole NFD thing, even with the list, but now you just gave me a whole new incentive to start it up again. Thank you.

j\_ball430NFD would like to ask for support from the Renegade Forums community. We are dedicated to bringing you forums that you can have threads without morons, and in return, a forum with little or no flaming.

The first quote came after the statement under it.

If you're trying to stop all this fighting, you best not start shit yourself. This is how Ty thought. He cheated so that WW would patch and stop the cheating. Please don't turn your little organisation into a mini-WSE. You've got a sense of humour, I'd say you best use it on your whole idea. Creating a list of people you don't like for whatever reason will only cause more fights on these boards, further proving my point. Do you see the logic fatality in what you're doing?
