Aprime

LET UN DO THEIR FUCKING JOB,yet it's too late since Bush killed UN.

The UN slit it's own wrist, get it right.

The UN has had the iron grip of control on the situation and look what it got us, the same inspections 12yrs later. Bravo on the fucking progress. Twelve years later he still has the most of the same weapons he declared after the 1st war & continues to develop new weapons and means to deploy them. You can answer the same questions I posed to others...How much time is enough ? And when someone says THIS IS ENOUGH, THE TIME IS NOW how do you force your will ? With bunny rabbits & flowers ? Doubtfull.
