Alkaline8 on 8 is the standard, 6 on 6 is considered fun, anything lower than 6 on 6 is a joke. I prefer 10 on 10.

What are you talking about 2v2 - 4v4 is the majority of clan games played.

5v5 - 8v8 is fun but rare

10v10 - 12v12 is the highest ive played in

Unless you count the clanwars allstar game that was 22v22 and they could only be won on points.
