RhinoX35Sad story, However, 20 years ago the us was backing Saddam and was giving him weapons to use against Iran.

Sad to say that so did France, Germany, Italy and almost all of NATO. The US broke off ties with Iraq prior to the attack. France, Germany and a few other countries kept on dealing. So there was a conflict of interest in the UN Security Council, where France, Germany and Russia stood to loose money from Iraq. Well, they will loose alot more now.

Your attempt to say the US was the soul backer of Iraq back then is WRONG!
