First off if someone doesn't like RenGuard, I automatically suspect them a cheat. However, there are a few people I am aware of that have a personal conflict or agenda with people involved with the project. It would seem these people make the most noise, which just so happens to be

This is a time for those that love the "GAME" to pull together, and unite under a common goal. Many have all been whining and pestering for its completion, now, is it the same people putting it down?

RenGuard does what it set out to, and with very little code and overhead. All should be aware of the huge undertaking the project has entailed. Instead of bitchin about it not being what one expected, assist in its continued development with constructive criticism.
