Nothing starts out 100% operational, it's just not possible, you have to give it time & work to have it get from non-operational to 100% operational & that takes time. RenGuard is gonna take over the Renegade community fully 1 day & the only ppl that won't have it will be the cheaters.

& XLerator, idk what to tell you other than just wait for 1.02 to come out :rolleyes:
