j_ball430And this proves that you are a moron. Constructive criticism is always a good thing, but that post is just such bullshit. If you don't like it, don't use it. No one is forcing you and if you truly want to use it, please help them out and give them constructive criticism.

I Think RenGuard will Prevale in the Renegade World.

Think of it this way...if you do get off a few good shoots noone can truly call you a cheater becuse the proof is in the Program (pudding)!!!

the only thing is now that i use it, Can someone plz tell me is there a patch to stop crashes with win 2000.????? in the game it keeps going-
-Connection to server is Interupted. I did not have this truble Untill after the update. hellppp plzzzzzzzz.
